

Dr. Eran Ben-Joseph

Dr. Eran Ben-Joseph is a professor of landscape architecture and Urban Planning and Head, Joint Program in City Design and Development at the Massachusetts Institute of Technology (MIT). His research and teaching areas include urban and physical design, standards and regulations, sustainable site planning technologies and urban retrofitting. He authored and co-authored the books: *Streets and the Shaping of Towns and Cities*, *Regulating Place*, *The Code of the City*, *RENEW Town*, and *ReThinking a Lot*. Eran worked as a city planner, urban designer and landscape architect in Europe, Asia, the Middle East and the United States on projects including new towns and residential developments, streetscapes, stream restorations, and parks and recreation planning. He has led national and international multi-disciplinary projects in Singapore, Barcelona, Santiago, Tokyo and Washington DC among other places. He holds degrees from the University of California at Berkeley and Chiba National University of Japan.
